

# WATER+™ System Administration Software

## Bulk Water Dispensing W+

The cornerstone of all our Bulk Water Dispensing Systems is the Windows™ based Water+™ System Administration Software. It is the tool you need to control and monitor your bulk water dispensing system.

### What Can Water+™ Do for You?

#### Provide Security by Controlling:

- Who is using your facility
  - Keyless/Cardless entry to the system
- Hours of Operation
  - Ability to set up the time of operation of dispensing station (for example, the station can be open 24/7 or from 7am to 7pm Monday to Friday, or any time you want)
- Where Bulk Water is dispensed

#### Generate Revenue:

- \$\$\$ for Bulk Water Dispensed
  - Ability to charge a Monthly Service Fee for use of the station

#### Reduce Administration:

- Account Management
  - Ability to set up a customer as a Pre-Pay Account (you collect money prior to delivery of water and the customer works off the credit in his account)
  - Instant activation or deactivation of any account
  - Ability to provide different levels of pricing to various customers, by providing a discount from 0% to 100%
- Station Management
- Historical / Statistical Reporting
  - Easy integration with your municipal accounting systems via ODBC
- Flexible Customer Payment Options
  - Prepay, Credit Card, Smart Card, Account

Water+™ is an important component of your overall Asset Management System

Water+™ easily interfaces to Municipal Accounting Systems, eliminating duplicate data entry

#### Options for Connectivity to the Bulk Water Dispensing System:

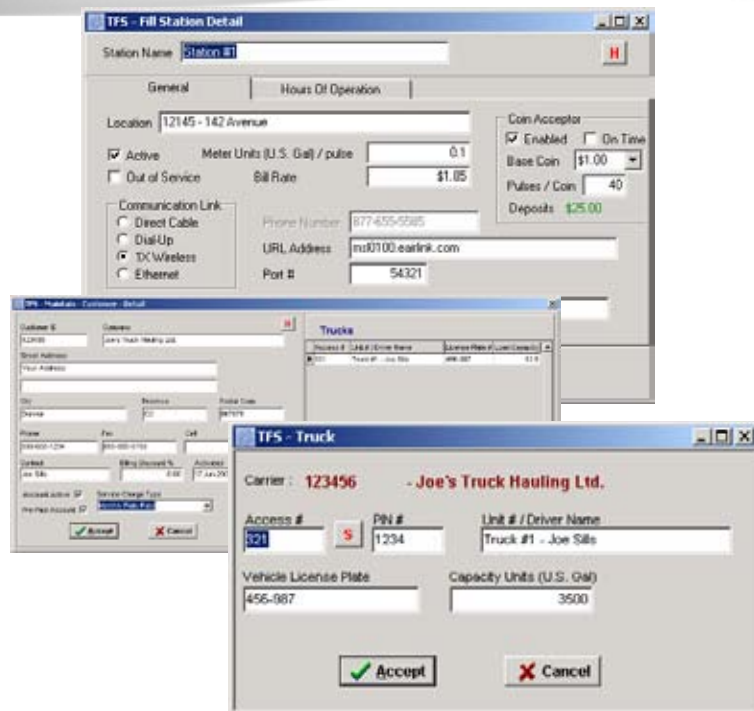

- Direct Connect (Serial or Ethernet)
- Cellular Wireless
- Dial-up
- Radio (Serial or Ethernet)
